

On the Hunt at Chandler Ranch...

The Chandler Ranch is located in the heart of the Pecos Trail Region and is prime West Texas country, home to herds of whitetail deer. With the Pecos River's and Independence Creek's waters flowing through the ranch, animals are extremely abundant. There's plenty of untrammled land on the Chandler Ranch to go around. Our hunters have full admission to virtually all its undisturbed wilderness: a refreshing creek, two ponds, woodlands, rugged terrains, and flattop mountains.

We recently enlisted a rigorous game management program to ensure that our whitetail deer obtain the highest amount of antler and body growth. We are a fair chase, free-range game hunting ranch, and we offer four-day semi-guid-

ed hunts during November – January. All meals, newly renovated accommodations, transportation while at the ranch, activities outside of hunting, preparation of game, and a chance to harvest one white-tail buck, two does, and one Rio Grande turkey all of your choice are included in our hunting package. As an added benefit, we also include an "extra shot" to harvest a bobcat, feral hog, javelina, or mountain lion.

Our guides transport each hunter to and from the deer blinds each morning and evening. Roam the ranch on foot or use our motorized "mules"

and head out hiking, wildlife-scouting or simply fish in one of our three stocked ponds or the Pecos River. Hunters and non-hunters gain access to all adventure amenities the ranch offers.

Reserve the ranch for your group's exclusive use with at least six hunters, or plan a father-son hunting experience at Chandler Ranch. Novice and expert hunters welcome. Call 713-703-6615 to make your reservation today!

Jonathan's The Rub RESTAURANT & CATERING

9061 Gaylord Street | Houston, Texas 77024
